

Loan Administration

GLAS is the leading independent provider of debt administration services, and we draw on in-house expertise and bespoke technologies to effectively administer loans.

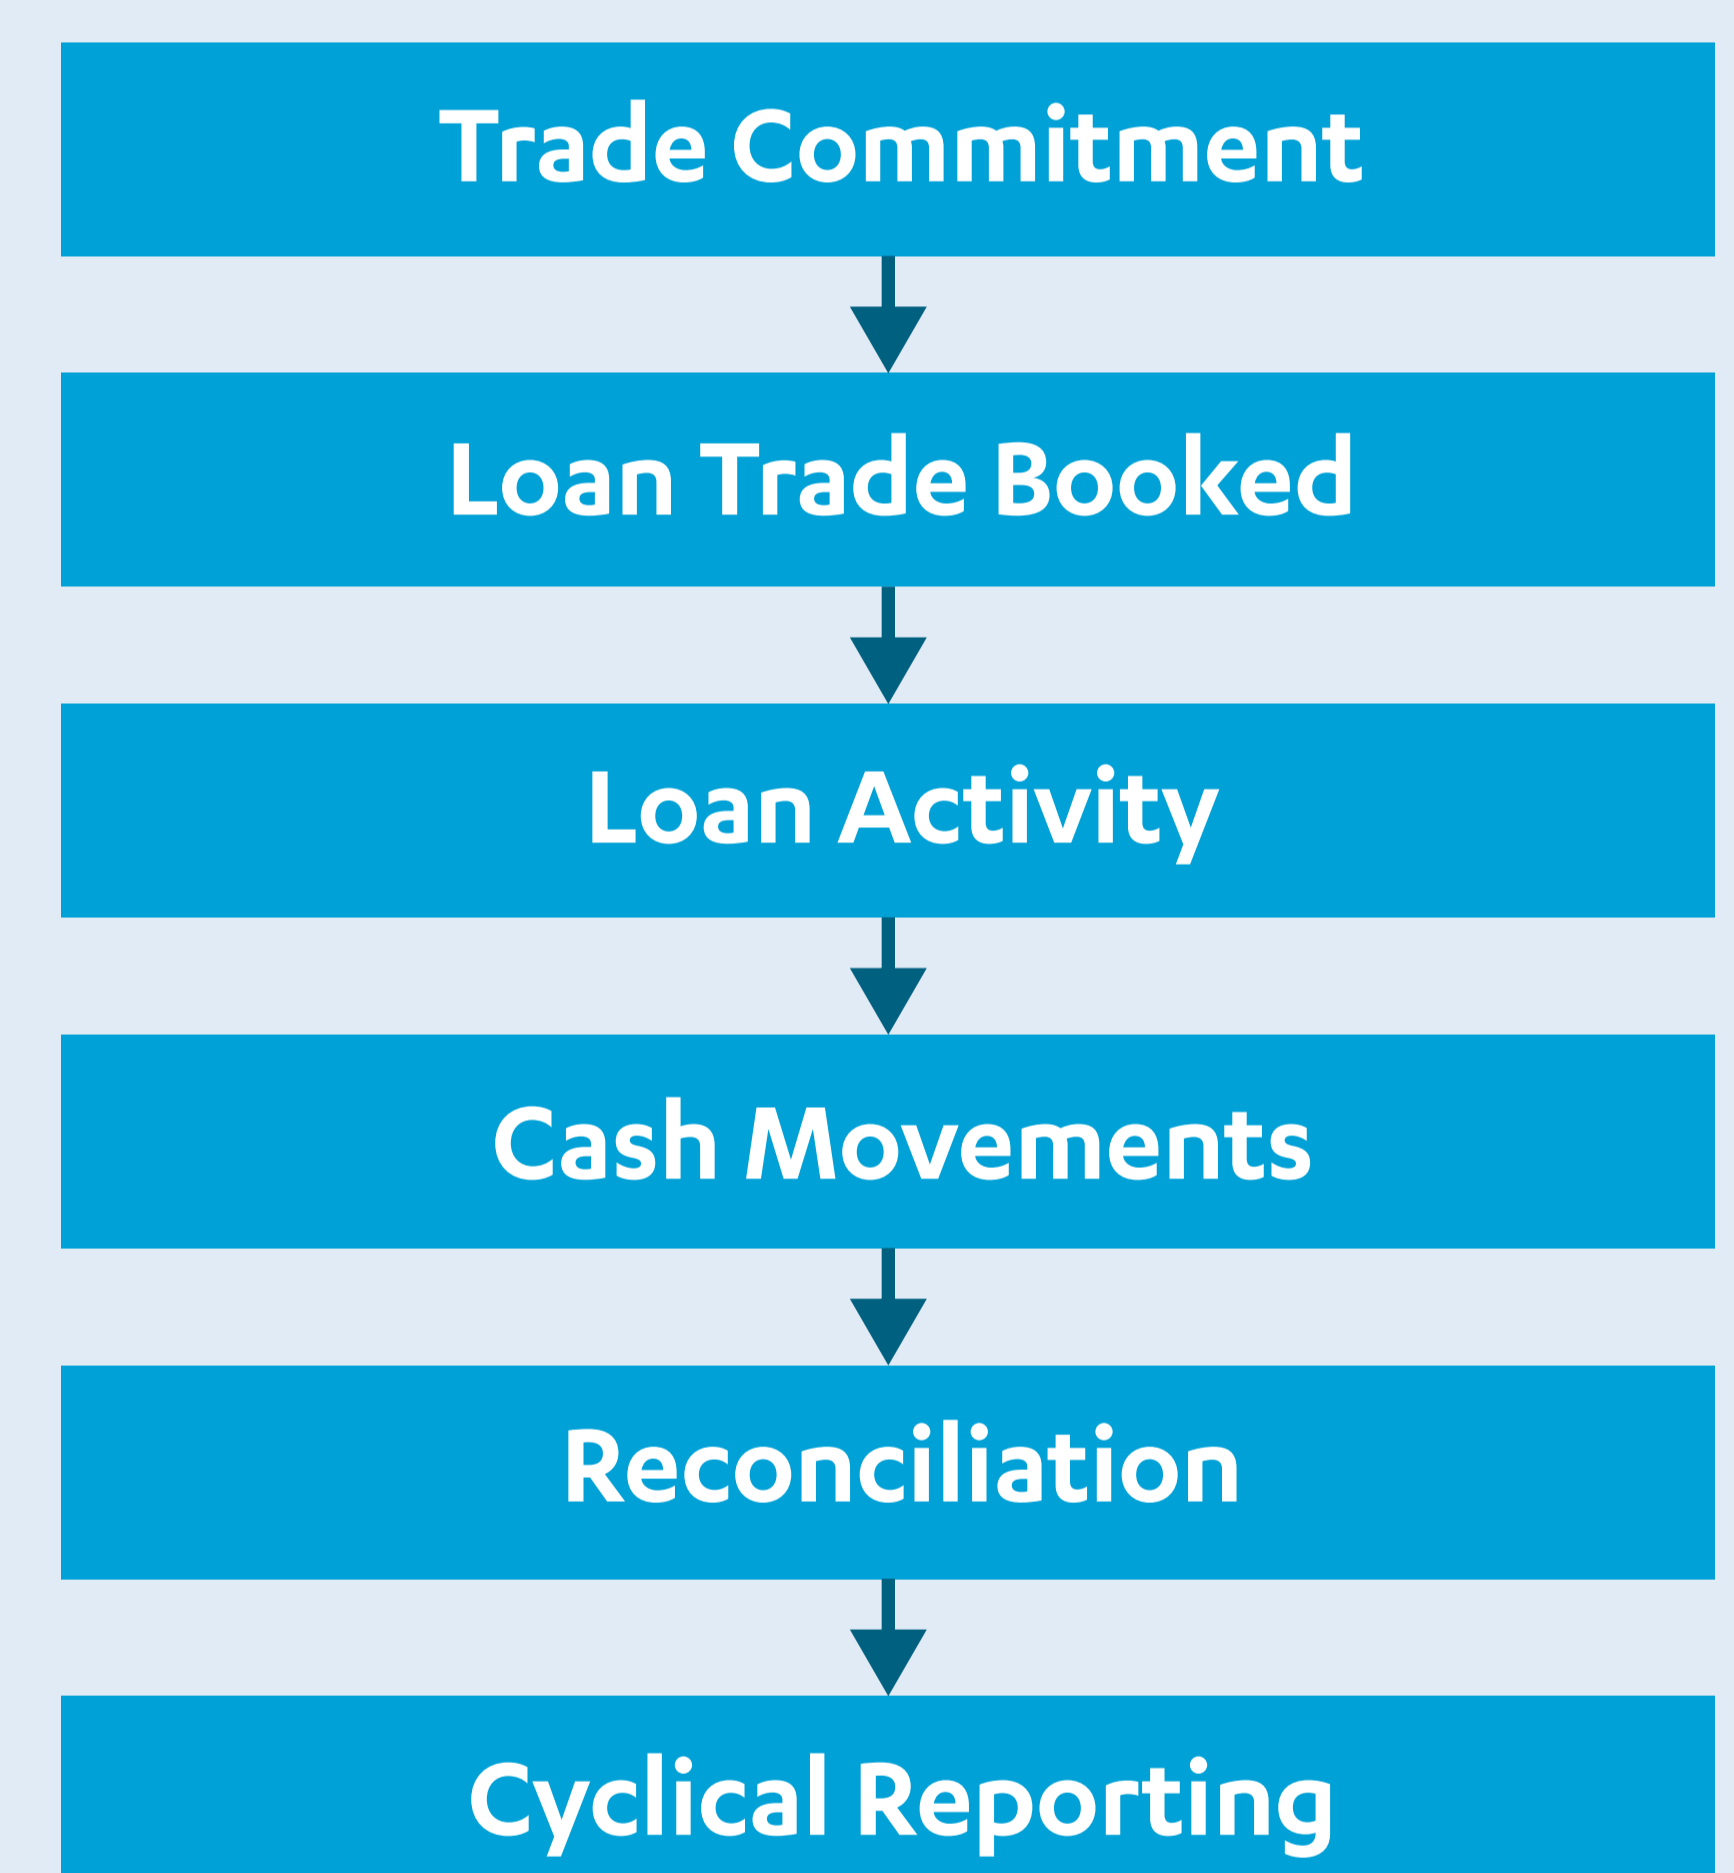

GLAS utilises a bespoke technology suite specifically designed for efficient loan administration, removing the burden from our customers.

GLAS has a team of in-house loan administration experts, with experience of both the investment bank and asset manager perspective.

With a wealth of expertise in the loan administration space, GLAS is equipped to provide a tailored scope of services depending on your business needs.

From processing all cash and non-cash related activity, to managing and reconciling all loan positions and related cash flows, GLAS can ensure a smooth and hassle free loan administration process.

Loan Administration Process

What makes GLAS the right fit?

- ▶ Over 50 years of in-house experience in our loan administration team
- ▶ Over 70 loan professionals across EMEA, the US and APAC
- ▶ Customised daily reporting to all interested parties
- ▶ Automated feeds of interest rate changes and rollovers
- ▶ Ability to arrange settlement directly or liaise with relevant parties
- ▶ Dedicated client service professionals assigned to portfolio
- ▶ Ability to reconcile both cash and positions
- ▶ Award winning service
